

Rex

"Hi, I'm Rex. I am a retriever, that means I help you find information, this is my favourite thing to find after sticks! I can help you find out the names of characters, what they do, name of the chapter or what you have learnt about the topic. If you wanted to use me to ask questions you could ask:

Where is the story set?

Who is the main character in the story?

How is the dilemma/problem solved?

Can you tell me one fact you have found out in this text about....?

Where in this book could I look if I wanted to know more about....?

Which part of the story did you like the most? Why?

I hope I can help you find out all the interesting and important information from your book."
