Compass and Grid Reference Skills	To begin to use directional and positional language (left, right, forwards, backwards, straight on).	To use simple compass directions (North, South, East and West). To be introduced to using basic symbols & describing simple features in their own map of Oldfield & their route to school.	To use aerial photographs and plan perspectives to recognise landmarks, basic human & physical features. To be able to use a range of symbols and reference these in a key in their own map.	To use the eight points of a compass, four figure grid references, symbols and key (including the use of Ordnance Survey maps) to build their knowledge of the United Kingdom and the wider world in the context of describing the position of UK cities.	To use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied in the context of the origins of settlements. To use the eight points of a compass, four and six-figure grid references, symbols and key (including the use of Ordnance Survey maps) to build their knowledge of the United Kingdom and the wider world in the context of identifying links between settlements.	To use the eight points of a compass, four and six-figure grid references, symbols and key (including the use of Ordnance Survey maps) to build their knowledge of the United Kingdom and the wider world by planning a journey and describing routes on a map.	To select and give reasons for which method they would help them in certain tasks to help build their knowledge of the United Kingdom and the wider world.

	EYFS	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
Fieldwork Skills	To investigate and explore the school environment.	To use simple fieldwork and observational skills to study the local area.	To use simple fieldwork to identify the key human and physical features	To use fieldwork to observe and measure the human and physical features	To use fieldwork to observe and measure the human and physical features	Use fieldwork to observe, measure and record the human and physical features	Use fieldwork to observe, measure and record the human and physical features

	<p>Show care and concern for the local environment.</p> <p>Ask questions and give opinions about places.</p>		<p>of the local environment.</p>	<p>of the local environment using sketch maps, plans and digital technologies.</p>	<p>of the local environment using sketch maps, plans and digital technologies and make comparisons.</p>	<p>in the local area using a range of methods, including sketch maps, plans and graphs and digital technologies in the context of undertaking fieldwork to identify human and physical features of the local area.</p>	<p>in the local area using a range of methods, including sketch maps, plans and graphs and digital technologies in the context of undertaking fieldwork to identify human and physical features of the local area and compare this to other areas of the wider world.</p>
