

Y6 Homework 24/25 academic year

This year, we will use this book for learning at home.

Homework will be issued on a Friday and will need to be returned by the following Tuesday.

Each week, pupils will be expected to learn a set of spellings that follows a specific spelling rule or pattern.

Alongside practising the words on the list, they should write the word into a sentence. We may give sentence challenges to support the pupils in varying their sentence structures.

Spellings will be tested on a Tuesday.

We will also provide a sheet of maths each week to be completed as part of homework.

Occasionally, there may be another task to help learning in other curriculum areas.

We will always discuss the tasks set before sending home the books so pupils have a chance to ask any questions.

Whilst pupils should be able to complete this work independently, parent and carer support may help your child to feel confident in completing this work.

Should you wish your child to complete more work, we have included their TTRS/Numbots login on the inside front cover as this supports children with their number fluency. We have also included common exception words on the inside back cover so please do practise the spelling of these words too should you choose to.

Additionally, please continue to encourage your child to read for 20 minutes each day and log this in their reading diary.

If you have any questions, please do send an email to the class teacher, via the school office.
