

Scientific Knowledge Skills

By the end of this topic, I will be able to identify common trees, in reference to their shape, leaves, fruit and seeds.

I will also be able to name a variety of deciduous and evergreen trees.

Scientific Enquiry and Investigation Skills

By the end of this topic, I will be able to answer questions about what a plant needs to survive and grow.

I will also be able to use simple equipment and record findings of various trees that are in our area.

I will also be able to say explain if a tree is evergreen or deciduous.

Key Vocabulary

Branches	Stems that grow from a tree trunk.
Trunk	The main stem of a tree.
Bark	The tough protective outer layer of the trunk, branches, and twigs of a tree .
Evergreen	An evergreen tree is green and keeps it leaves all year including in the Winter.
